

AN ORDINANCE 2017-11-30-0923

AUTHORIZING ONE-YEAR ON-CALL PROFESSIONAL SERVICES AGREEMENTS, WITH A ONE YEAR EXTENSION OPTION, WITH ENSAFE INC., STEARNS, CONRAD AND SCHMIDT, CONSULTING ENGINEERS, INC (DBA SCS ENGINEERS), AND TERRACON CONSULTANTS, INC. TO PROVIDE ENVIRONMENTAL CONSULTANT SERVICES FOR THE CITY'S BROWNFIELD REDEVELOPMENT PROGRAM IN A TOTAL AMOUNT OF APPROXIMATELY \$500,000.00.

* * * * *

WHEREAS, the City of San Antonio has environmental challenges arising from Brownfield Properties. Expansion, redevelopment, or reuse may be complicated by the possibility of environmental contamination. These sites are usually abandoned, vacant, or underutilized properties. As Brownfield sites remain abandoned and unmarketable, they increase inner city blight, decrease property values, hurt local economies, and can threaten the environment, community, and human health. The City of San Antonio is able to address these issues through the Brownfield Redevelopment Program as a tool for redevelopment of these complex sites. Currently, the program conducts site assessments for private property owners at little to no charge and will be seeking grant funds for cleanup in coming years, once a need is demonstrated; and

WHEREAS, to date, the work of the environmental assessments for the Brownfield Redevelopment Policy and Program has been through existing on-call environmental services contracts with the Transportation and Capital Improvement (TCI) Department's Environmental Management Division (EMD). TCI's EMD provides environmental services for all city-owned properties and bond projects in addition to supporting the Brownfield Redevelopment Program administered by CCDO. TCI's EMD's work load has increased significantly since voters passed the largest bond issue in San Antonio's history in May. As a result, TCI staff and the existing contracts no longer have the capacity to achieve the policy goals of the program; and

WHEREAS, in order to continue the momentum of the program, streamline the program's processes, decrease the workload for TCI's EMD, and decrease the time it takes to conduct environmental site assessments per project, CCDO issued a Request for Qualifications on June 20 soliciting responses for environmental services to conduct environmental site assessments, perform independent third-party review of environmental reports, assist with preparation of future grant proposals, and assist with program strategy and development. This would allow the program staff to manage the contracts directly, decrease the timeline per project, increase the program's effectiveness and impact, and better meet the needs of the real estate community to make the program successful; and

WHEREAS, this Ordinance authorizes the execution of a services contract with EnSafe Inc., Stearns, Conrad and Schmidt, Consulting Engineers, Inc. dba SCS Engineers and Terracon Consultants, Inc. to perform Phase I, Phase II and Phase III environmental assessments and

remediation planning at various sites throughout San Antonio's inner city for a period of one (1) year with one (1) one year administrative renewal option. The total amount per contract is not to exceed \$500,000.00. The initial term of the agreement shall be upon Council approval through September 30, 2018. The contract and this Ordinance also provides for an optional one-year renewal. **NOW THEREFORE,**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. This Ordinance hereby authorizes the City Manager or designee to execute a services contract in substantially similar format as **Attachment 1**, attached herein, with EnSafe Inc., Stearns, Conrad and Schmidt, Consulting Engineers, Inc. dba SCS Engineers and Terracon Consultants, Inc. to perform Phase I, Phase II and Phase III environmental assessments and remediation planning at various sites throughout San Antonio's inner city for a period of one (1) year with one (1) one year administrative renewal option. The total amount per contract is not to exceed \$500,000.00. The initial term of the agreement shall be upon Council approval through September 30, 2018. The contract and this ordinance also provides for an optional one-year renewal.

\$ 235,000.00	5201040	1909010001	29104000	
Total Amt. \$500,000.00

(dba SCS Engineers), and Terracon Consultants, Inc. XIV. SMALL BUSINESS ECONOMIC DEVELOPMENT ADVOCACY (SBEDA)

- 14.1 SBEDA Program. The CITY has adopted a Small Business Economic Development Advocacy Ordinance (Ordinance No. 2016-05-19-0367 and as amended, also referred to as "SBEDA" or "the SBEDA Program"), which is posted on the City's Economic Development Department (EDD) website page and is also available in hard copy format upon request to the CITY. The SBEDA Ordinance Compliance Provisions contained in this section of the Agreement are governed by the terms of the SBEDA Ordinance, as well as by the terms of the SBEDA Ordinance Policy & Procedure Manual established by the CITY pursuant to this Ordinance, and any subsequent amendments to this referenced SBEDA Ordinance and SBEDA Policy & Procedure Manual that are effective as of the date of the execution of this Agreement. Unless defined in a contrary manner herein, terms used in this section of the Agreement shall be subject to the same expanded definitions and meanings as given those terms in the SBEDA Ordinance and as further interpreted in the SBEDA Policy & Procedure Manual.
- 14.2 Definitions.
- 14.2.1 **Affirmative Procurement Initiatives (API)** – Refers to various S/M/WBE Program tools and Solicitation Incentives that are used to encourage greater prime and subcontract participation by S/M/WBE firms, including bonding assistance, evaluation preferences, subcontracting goals and joint venture incentives. (For full descriptions of these and other S/M/WBE Program tools, see Section III.D of Attachment A to the SBEDA Ordinance). To be eligible for the benefits of race- and gender-conscious APIs as provided in the SBEDA Ordinance, M/WBE firms must also satisfy the size standards for being a Small Business Enterprise or SBE as defined herein.
- 14.2.2 **Annual Aspirational Goal** – a non-mandatory annual aspirational percentage goal for overall M/WBE Prime and subcontract participation in City of San Antonio contracts is established each year for Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contract Industry Categories. This

Annual Aspirational Goal is to be set (and thereafter adjusted) by the Goal Setting Committee (GSC) based upon the M/WBE availability by industry in accordance with the City's 2015 Disparity Study findings, along with relative M/WBE availability data to be collected by the City through its CVR system, and the utilization of M/WBEs. Any adjusted Annual Aspirational Goals for a given industry should not exceed the Expected Availability for award dollar weights as found in the 2015 Disparity Study. Annual Aspirational Goals are not to be routinely applied to individual contracts, but are intended to serve as a benchmark against which to measure the overall effectiveness of the S/M/WBE Program on an annual basis, and to gauge the need for future adjustments to the mix and to the aggressiveness of remedies being applied under the Program. Percentage Goals for S/M/WBE participation may be established by the GSC on a contract-by-contract basis based upon similar data and analysis for the particular goods and services being purchased in a given contract.

- 14.2.3 **Award** – the final selection of a Respondent for a specified Prime Contract or subcontract dollar amount. Contract awards are made by the City to Prime Contractors or vendors and by Prime Contractors or vendors to Subcontractor or sub-vendors, usually pursuant to a solicitation process. (Contract awards are to be distinguished from contract payments in that they only reflect the anticipated dollar amounts instead of actual dollar amounts that are paid to a contractor under an awarded contract).
- 14.2.4 **Best Value Contracting** – a purchasing solicitation process through which the Originating Department may evaluate factors other than price. Evaluation criteria for selection may include a Respondent's previous experience and quality of product or services procured, and other factors identified in the applicable statute.
- 14.2.5 **Centralized Vendor Registration System (CVR)** – a mandatory electronic system of hardware and software programs by which the City recommends all prospective respondents and subcontractors that are ready, willing and able to sell goods or services to the City to register. All businesses awarded a City contract shall be required to register in the CVR. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the City. The CVR-assigned identifiers are also used by the Goal Setting Committee for measuring relative availability and tracking utilization of SBE and M/WBE firms by Industry or commodity codes, and for establishing Annual Aspirational Goals and Contract-by-Contract Subcontracting Goals.
- 14.2.6 **Certification** – the process by which the Small Business Office (SBO) staff determines a firm to be a bona-fide small, minority-, women-owned, or emerging small business enterprise. Emerging Small Business Enterprises (ESBEs) are automatically eligible for Certification as SBEs. Any firm may apply for multiple Certifications that cover each and every status category (e.g., SBE, ESBE, MBE, or WBE) for which it is able to satisfy eligibility standards. The SBO staff may contract these services to a regional Certification agency or other entity. For purposes of Certification, the City may accept any firm that is certified by local government entities and other organizations identified herein that have adopted Certification standards and procedures similar to those followed by the SBO, provided the prospective firm satisfies the eligibility requirements set forth in this Ordinance in Section III.E.6.
- 14.2.7 **City** – refers to the City of San Antonio, TX.
- 14.2.8 **Commercially Useful Function** – an S/M/WBE firm performs a Commercially Useful Function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, staffing, managing and supervising the work involved. To perform a Commercially Useful Function, the S/M/WBE firm must also be responsible, with respect to materials and supplies used on the contract, for

negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether an S/M/WBE firm is performing a Commercially Useful Function, an evaluation must be performed of the amount of work subcontracted, normal industry practices, whether the amount the S/M/WBE firm is to be paid under the contract is commensurate with the work it is actually performing and the S/M/WBE credit claimed for its performance of the work, and other relevant factors. Specifically, an S/M/WBE firm does not perform a Commercially Useful Function if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of meaningful and useful S/M/WBE participation, when in similar transactions in which S/M/WBE firms do not participate, there is no such role performed.

- 14.2.9 **Control** – the authority of a person or business owner to sign responses to solicitations and contracts, make price negotiation decisions, sell or liquidate the business and have the primary authority to direct the day-to-day management and operation of a business enterprise without interference from others.
- 14.2.10 **Economic Inclusion** – efforts to promote and maximize commercial transactions within, between and among all segments of the business population, regardless of race or gender, within the Relevant Marketplace.

- 14.2.13 **Evaluation Preference** – an API that may be applied by the Goal Setting Committee to Construction, Architectural & Engineering, Professional Services, Other Services, and Goods and Supplies contracts that are to be awarded on a basis that includes factors other than lowest price, and wherein responses that are submitted to the City by S/M/WBE firms may be awarded additional Points in the evaluation process in the scoring and ranking of their proposals against those submitted by other prime Respondents.
- 14.2.14 **Formal Solicitation** – an invitation for bids, request for proposals, request for qualifications or other solicitation document issued by a City department for a contract that requires City Council approval, in accordance with the procurement rules adopted by the City Manager or designee through a memorandum issued by the City Manager or designee, an Administrative Directive or a procurement manual issued under the authority of the City Manager or designee, and/or pursuant to statutory requirements.

The City Manager or designee may also appoint two ex-officio members of the Small Business Advocacy Committee to serve on any GSC purely in an advisory and non-voting capacity. The GSC establishes S/M/WBE Program Goals for the City of San Antonio (e.g., Annual Aspirational Goals, Contract-by-Contract Subcontracting Goals, and determining which M/WBE segments are eligible for Segmented Subcontracting Goals annually) based upon Industry Categories, vendor availability, project-specific characteristics, and M/WBE utilization. The GSC also makes determinations about which Affirmative Procurement Initiatives (APIs) are to be applied to specific contracts based upon various criteria.

- 14.2.17 **HUBZone Firm** – a business that has been certified by U.S. Small Business Administration for participation in the federal HUBZone Program, as established under the 1997 Small Business Reauthorization Act. To qualify as a HUBZone firm, a small business must meet the following criteria: (1) it must be owned and Controlled by U.S. citizens; (2) at least 35 percent of its employees must reside in a HUBZone; and (3) its Principal Place of Business must be located in a HUBZone within the San Antonio Metropolitan Statistical Area. - 14.2.18 **Independently Owned and Operated** – ownership of an SBE firm must be direct, independent and by Individuals only. Ownership of an M/WBE firm may be by Individuals and/or by other businesses provided the ownership interests in the M/WBE firm can satisfy the M/WBE eligibility requirements for ownership and Control as specified herein in Section III.E.6. The M/WBE firm must also be Independently Owned and Operated in the sense that it cannot be the subsidiary of another firm that does not itself (and in combination with the certified M/WBE firm) satisfy the eligibility requirements for M/WBE Certification.
- 14.2.19 **Individual** – an adult person that is of legal majority age.
- 14.2.20 **Industry Categories** – procurement groupings for the City of San Antonio inclusive of Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies (i.e., manufacturing, wholesale and retail distribution of commodities). This term may sometimes be referred to as "business categories."

Joint ventures are manifested by written agreements

between two or more Independently Owned and Controlled business firms to form a third business entity solely for purposes of undertaking distinct roles and responsibilities in the completion of a given contract. Under this business arrangement, each joint venture partner shares in the management of the joint venture and also shares in the profits or losses of the joint venture enterprise commensurately with its contribution to the venture. Incentives under this API may include Evaluation Preferences that are tied to the percentage of SBE or M/WBE participation in the joint venture, expedited issuance of building permits and extra contract option years in certain Other Services and Goods & Supplies contracts.

14.2.22 **Minority/Women Business Enterprise (M/WBE)** – firm that is certified as either a Minority Business Enterprise or as a Women Business Enterprise, and which is at least fifty-one percent (51%) owned, managed and Controlled by one or more Minority Group Members and/or women, and that is ready, willing and able to sell goods or services that are purchased by the City of San Antonio.

14.2.24 **M/WBE Subcontracting Program** – an API in which Prime Contractors or vendors are required to make Good Faith Efforts to subcontract a specified percentage of the value of prime contract dollars to certified M/WBE firms. Such subcontracting goals may be set and applied by the GSC on a contract-by-contract basis to those types of contracts that provide subcontract opportunities for performing Commercially Useful Functions wherein:

(1) There have been ongoing disparities in the utilization of available M/WBE Subcontractors; or

(2) Race-Neutral efforts have failed to eliminate persistent and significant disparities in the award of prime contracts to M/WBEs in a particular Industry Category or industry segment (e.g., Construction contracts, Professional Services contracts, and Architectural and Engineering contracts), and subcontract opportunities are limited outside of City contracts.

When specified by the GSC, the M/WBE Subcontracting Program may also be required to reflect Good Faith Efforts that a Prime Contractor or vendor has taken (or commits to taking in the case of solicitations that do not include a detailed scope of work or those in which price cannot be considered a factor in evaluation), toward attainment of subcontracting goals for M/WBE firms.

14.2.25 **M/WBE Evaluation Preference** – an API that the City may apply to requests for proposals or qualifications (RFPs or RFQs) on City Construction, Architectural & Engineering, Professional Services, Other Services, and Goods & Supplies contracts that are issued pursuant to a Best Value Contracting method or other methods of procurement wherein criteria other than lowest price are factored into the selection process. M/WBEs that submit responses for these kinds of solicitations are awarded additional Points in the scoring of their responses when evaluating and ranking their responses against those submitted by non-minority firms.
